

## INFORMATION FROM TORM

### TORM MARINA COLLISION WITH MSC CAMILLE

**Hellerup, 21 June 2010** – early Sunday morning, one of TORM's product tanker vessels, the TORM Marina, jointly owned with Torghatten Trafikselvskap ASA, had a collision with a large container vessel, the MSC Camille. The collision took place 42 nautical miles East of Gibraltar (Euro point) while TORM Marina was lying still and awaiting orders.

TORM Marina is one of TORM's largest product tanker vessels – an LR2 Aframax vessel of 105,000 dwt sailing under Norwegian flag.

All crew members onboard TORM Marina and MSC Camille are accounted for and there are no human injuries. The product tanker vessel TORM Marina carried no cargo at the time of the collision and there has been no oil spill.

The flag state as well as the Spanish authorities have been notified.

TORM Marina arrived this morning to Algeciras escorted by a tug boat and the vessel is now awaiting final permission to enter the port.
